

2023 ERIAFF ANNUAL CONFERENCE

Green and Climate Transition Plans in agriculture and in agroforestry systems

ERIAFF Working Group session of the Missions and Agroecology Session

The role of regions in the implementation plan of Mission Soil Health and the Agroecology Partnership

Conference Venue: NOI Techpark, NOIsteria

MONDAY, 22/05/2023, 16:00 – 18:00

Central European Time (CET)

Concept: The session will present and discuss successful examples of interregional actions that contribute to achieve the objectives of the Implementation plan for Soil Health and of the Agroecological Transition. The session is conceived as a workshop with active participation of all the attendees.

The objective is to bring together representatives from as many regions as possible, combining regional authorities or administrations, innovation actors, local representatives, enterprises, land users and other stakeholders. It will be presented a collage of initiatives at different levels, working with different land uses, that will allow to draw conclusions valid in different contexts.
