**STRENGTHS:**

- PASSFOR: Plan for an activation of forest sector
- Regional Action Plan for forest resources mobilization - 2022
- Regional roundtable for wood, with all the stakeholders
- Large areas of young abandoned forest
- Large amounts of wood in the forests
- Well developed value-chains
- Tools for inventory of forest resources

WEAKNESSES:

- Wood markets failures
- Lack of information on wood markets: prices, amounts and operators
- Too complicated public procedures
- Risk of forest fires and forest diseases
